

Emergency Response Plan

Fire Procedure

- 1) Stop refuelling immediately by closing the delivery gun or releasing the 'dead man' control.
- 2) Isolate the trailer using the cut-off switch.
- 3) Raise the alarm by using the emergency phone on the fence to raise the alarm and summon **ARFFS** (Airport Rescue & Fire Fighting Service) via **ATC** (Air Traffic Control) and alert the **JAC** (Jersey Aero Club) Flying Desk.

- 4) If safe to do so use the Dry Powder fire extinguisher in a sweeping motion starting at the base of the fire to extinguish the flames.
- 5) If it is not safe to tackle the fire move well clear and stand next to the emergency phone away from the trailer. Do not attempt to retrieve personal belongings.
- 6) If safe to do so, push the aircraft away from the source of the fire
- 7) Once the fire has been extinguished ARFFS shall contact:
 1. ATF Duty refueler M 07797 730601
or:
 2. ATF Aviation Manager M 07797 798645
followed by:
 3. ATF Head of Operations M 07797 730607
